## Nab Teenager, Police Solve 5 Burglaries

by GLORIA DAVIS

The Antioch Police Dept. has cleared up five area burglaries occurring on Lake St., Hillside and First Sts.

James Marshall, 17, formerly of Antioch, lately of Round Lake, now in Lake County jail, was arrested on Friday when Officer Michael Culat, assisted by Corp. Robert Lang, found Marshall hiding in the basement of a house he formerly lived at on Orchard St.

Marshall had earlier accidentally wounded himself with one of the guns found in his possession. Three bullet holes were found in his leg.

Lt. Tom Fisher carried on the investigation and Marshall admitted to burglarizing three residences, Meta's Candies and illegally entering another residence without taking anything.

Marshall had in his possession two guns, one 22 caliber revolver stolen in a previous Round Lake burglary, and a 32 caliber pistol, stolen from the home of Joe Pecholis, Antioch.

All the Antioch burglaries occurred last

week. Money and the gun were taken from the Pecholis residence on Hillside, money was taken from the home of Charles Py a block away, money was also taken from the home of Betsy Houghton. Marshall also admitted to entering the home of Dist. 34 School Supt. Donald Skidmore but said he took nothing from it.

According to the police, Marshall gained entry to all the homes through the garage.

Fisher said that Marshall also admitted to breaking into Meta's Candies through the rear door. Ten dollars in change was taken from the cash box. Tony Tornabene, owner of Meta's, said he had left a note in the cash box telling "anyone reading this to get out of my store," after an earlier attempt to jimmy the rear door.

After being treated for the gun shot wounds at the hospital, Marshall was arraigned, charged with three residential and two counts of burglary. He is being held on \$20,000 bond in county jail awaiting trial.

Round Lake is also expected to charge Marshall with other burglaries.

## Bike, Rider Struck By Automobile

Brian Marshall, 14, Antioch, is in good condition at Victory Memorial Hospital, recovering from injuries suffered when he and the bicycle he was riding were hit by a car, on Grass Lake Rd., at 6 p.m., on Wednesday, June 3.

According to the Lake County Sheriff's Dept., Marshall was struck by a car driven by Barbara Lass, 50, Antioch. No citations were issued.

Lass told sheriff's deputies that she was traveling west on Grass Lake Rd. at approximately 45 mph when she observed a bike rider traveling west in front of her.

She said that when she started to pass the bike, the rider weaved in front of her and, though she tried to take to the east bound lane, she was unable to avoid hitting bike and rider.

Marshall told deputies that he had checked traffic in back of him and saw none as he was traveling on Grass Lake Rd. just west of Bluff Rd. He said that he started to cross the highway going left and remembers nothing after that.

Marshall was taken to Victory by the Antioch Rescue Squad. Lass was uninjured.

## Michalowicz 'Beefs' Up Chuck Roast In Nationals

Linda Michalowicz of Antioch was one of the finalists. She prepared "Herb Crusted Chuck Roast."

Diane Simone Seymour of McHenry garnered first place in the Illinois Beef Cook Off held at the Clock Tower Resort in Rockford on May 23 with "Gary's Favorite Szechwan Beef with Garlic."

Twelve finalists chosen from recipes submitted from all over the state prepared beef dishes for judging.

Janet Johnson of Rockford won second place, while Patricia Augustus of Potomac took third.

Phelles Friedenauer of Rockford and Josephine DeMarco of Chicago both won honorable mention for their creations.

Seymour will represent Illinois at the National Beef Cook Off in Sun Valley, Idaho, Sept. 20 to 22.

The Illinois Beef Cook Off began with a welcoming reception and trip to Logli's

Supermarket to purchase the beef for the contest. Cooking and judging were completed the following morning. Saturday afternoon the contestants, guests and members of the Illinois Beef Auxiliary traveled to Kerwood Watts' beef cattle farm near Winnebago in the Pride of Rockford double decker bus.

The event is sponsored by the Illinois Beef Auxiliary in cooperation with the Illinois Beef Council.

## VFW Post To Entertain Vets From Hospital

The Antioch Sequoit VFW Post 4551 and the Ladies Auxiliary held a Memorial Day dance in honor of hospitalized veterans who were bused in from the North Chicago Veterans Hospital. There were 22 veterans and three staff members in attendance. Dinner was served by post and auxiliary members, followed by dancing with good music by the New Peptones.

Later, a drawing took place for prizes. First place winner of \$200 was Kathi Linhart of LaGrange. Second place for \$100 was Hillard Telinski of Antioch, and third place of \$50

went to J. Hofer of Antioch. There was also an attendance prize of a 12-inch black and white television set, won by Virginia Reiche of Trevor.

The vets had to leave early to check in at the hospital by bedtime, and as they left single file for the waiting bus outside, they were saluted by the people there while the band played patriotic songs and everyone sang along.

There was a good turnout at the dance and it continued on til midnight.

### Low Density

Forests cover about 43 of every 100 acres in California.

## Battle of Lexington

Mundelein residents, concerned about problems like high density, drainage, traffic and compliance with agreements are getting ready to fight the Battle of Lexington. They are attempting to block efforts of Lexington Homes Inc., one of the biggest residential developers in the Chicago area, from annexing to the village for a 340-acre development that would add 4,000 residents.

Besides already putting up hundreds of homes in Buffalo Grove and Lake Zurich, Lexington has left a trail of broken promises, flooding problems and dissatisfied home buyers in Lake County. Opponents of the proposed development feel Mundelein will be inviting the same kind of headaches if the annexation petition is approved. Lake Zurich is attempting to shed new light on Lexington

site planning deficiencies by hiring an independent engineering firm to check wholesale drainage complaints from Bristol Trails subdivision.

We don't know how Lexington operates elsewhere, but in Lake County they have a heavy-handed approach to doing business that frustrates local officials and infuriates customers. One irate homeowner at a Mundelein hearing exclaimed, "It seems ironic that I lived in Buffalo Grove and moved out here to get away from developments like this." Lexington's attorney at the hearing referred to citizen questions about engineering as "fantasies."

Under the circumstances, Mundelein officials would be well advised to go slow on the annexation request.

## Man Who Gets Things Done

Ray Billock is a one-man wrecking crew as far as Illinois Bell is concerned. Billock is the classic example of a citizen crusader who prevails against heavy odds.

What Billock has done is force Illinois Bell to backwater on a time-honored policy of fixing local call areas not on the basis of calling frequency or social patterns, but on revenue producing capabilities.

The Grandwood Park residents would pay \$200 more annually in phone bills because the unincorporated subdivision in Warren Twp. with a Gurnee mailing address is located in

the Lake Villa 356 exchange with a local calling area that doesn't fit the needs of Grandwood Park residents.

We've heard countless complaints over the years about Illinois Bell local call areas not fitting the needs of patrons. To our knowledge, no one ever has gotten anywhere in getting the phone company to do business differently until Mr. Billock came along.

Now somewhat of a local celebrity, Billock modestly explains his success as "I just said what everyone was thinking."

## Things To Complain About

When you live in Illinois, one of the favorite pastimes is griping about poor highway conditions. Complain all you want, but statistics just don't back up the contention that Illinois is miserly about its highways.

State Comptroller Roland W. Burris reports that highway construction spending for the current fiscal year should top \$1 billion for the first time, more than double a decade ago. Per-mile highway spending in recent years is nearly 40 percent above the national average with Illinois spending \$17,402 per mile in 1984 (latest figures available) in comparison to the national per-mile spending average that year of \$12,499.

The road grippers point to Illinois' \$203 per capita highway expenditures being \$1 below the national average. Per capita measurements, however, are misleading as a highway maintenance indicator where sparsely populated states with sizable road mileage to maintain always look good.

What motorists should be griping about is the proposed state gasoline tax increase. According to a Commerce Clearing House report, the proposed 9.5 cents per gallon tax to be phased in over a five-year period to make a 22.5 cents per gallon tax by 1992 would be greater than any current state rate in the nation.

Now that's something to complain about!

### Porter Credited For Taking Stand On Malpractice

by BILL SCHROEDER

Finally, someone in a high place has come forward to get involved in the bewildering upward spiral of health care and hospitalization costs being fueled in no little part by the growth of medical malpractice claims.

Give Congressman John Porter, who represents a goodly portion of eastern Lake County and the North Shore, a hats-off salute for taking a position where legislators heretofore have feared to tread.

The 10th Dist. Republican has released a major General Accounting Office (GAO) report completing an exhaustive two-year study of medical malpractice that he said had "refocused the debate, replacing anecdotes and speculation with research and hard facts." Porter urged comprehensive reforms based upon the report and said he is preparing legislation to implement GAO's recommendation.

If you share the belief that health care and hospital costs have gone through the roof then John Porter is your kind of guy.

The fifth-term Congressman said that GAO's work clearly shows that reform of state tort law, reasonable insurance regulation, better self-policing and risk management by health care providers, and consumer education must all be part of efforts to resolve the problem.

From where we sit, Congressman Porter is taking a fair and even-handed approach to malpractice abuses including more aggressive action against incompetent physicians. He wants to see patients and their families reach a better understanding and more reasonable expectation of medical professionals. As for lawyers, we'll use Porter's own words: "Physicians, lawyers, insurers and consumers must leave the field of combat and work together to resolve the medical malpractice crisis."

Well put, Mr. Congressman. We wish you well in trying to bring reason and sense to bear on a nightmarish situation.

**TOURISM BONANZA**—Evelyn Echols is convinced Illinois can enhance its economy with tourism if the state will loosen up its purse strings for advertising and promotional expenditures, throw off some useless laws and work smart.

## Letters To The Editor

### Chain Saw Mentality

Editor:

President Reagan was quoted in 1966 as saying, "A tree is a tree. How many more do you need to look at?" Mr. T., of television fame, who now has gained some notoriety as a modern day Paul Bunyan, carried President Reagan's philosophy into the heart of Tree City, Lake Forest, Illinois.

Countrywide, major newspapers and tv stations have focused much critical attention on those 60 to 70 trees that were destroyed and many people agree with that criticism. However, when compared to real environmental disasters where tens of thousands of trees are destroyed daily, those 60 to 70 trees in Lake Forest are really insignificant, and in the full scope of things are not even newsworthy.

In Waukegan, during the late '60s, nearly 1,000 matured hardwoods, oaks, hickories and elms were bulldozed and burned to make way for the Lakehurst Shopping Center. In the early '70s, several hundred more hardwoods met an untimely end and fell victim to the Hawthorn Shopping Center in Vernon Hills.

In 1985-86, a virgin 40 acre forest, also in Vernon Hills, was found expendable for yet another shopping center.

Within a year or two, the hundreds of century-old oaks that shade Rte. 60 in Lake County will face their date with chainsaws, as we widen Rte. 60 into a costly multi-million dollar effort to answer traffic congestion. The product of a blacktop, concrete and growth-happy mentality possessed by many public officials.

Across the country in villages and towns,

Echols, founder and operator of the highly successful International Travel Training Courses, was speaking after concluding an assignment as a member of the Governor's Task Force on Tourism. "I couldn't believe how far behind we are in Illinois on tourism promotion," remarked the energetic businesswoman. Increasing budgets is the answer, in the opinion of the noted career adviser who relaxes and unwinds weekends and summers at a country place located between Grayslake and the Round Lake area.

"Our bed-and-breakfast facilities are pitiful because of all the health department regulations. That should be changed," she asserted. Echols offered an interesting slant on boosting the economy in depressed farming areas. "We should promote farm vacations in Illinois. There are people all over the world who would like to come to Illinois to enjoy a farm vacation."

\*\*\*\*\*

**CIRCUS**—Dr. William Dam, mayor of Fox Lake, must think he's presiding over a silly circus. Trustees voted to order Andre's-On-The-Bay closed because of a site improvement squabble. Dam overruled. Andre's is a new restaurant in a new building that has been conducting turn-away business since opening in February. The modern, California-style structure is one of the mayor's showcase examples of the "new look" he is endeavoring to bring to the community. Andre's also is the home of the Island Queen, the colorful replica paddle-wheeler that rapidly has become one of Fox Lake's major tourist attractions.

Shut the place down? Wait a minute! Mayor Dam was moved to eloquence in a sort of backhanded rebuke to the council. "I felt the closure order without notice might have a deleterious effect on the honorable image Fox Lake has started to achieve as supportive of economic development."

In plain language, folks, that means: "Not over my dead body."

\*\*\*\*\*

**ONE MAN'S FAMILY**—Lisa and Bill brought out the top of their wedding cake from its place for the past year in the freezer to have us help celebrate their first wedding anniversary. I understand this is a traditional thing to do; also a mighty tasteful tradition for a guy with a sweet tooth.

the above scenes are being replayed hundreds of times each day, and tens of thousands of trees are chain-sawed, bulldozed and burned every day and all done in the name of progress. Daily environmental destruction, that reduces Mr. T's chainsaw rampage to complete unimportance, yet it gets less news media attention than the auto driver who gets a speeding ticket. It takes the destruction of the ecologically vital and irreplaceable rain forest of South America, at the rate of 10,000 square miles each year, to cause even a whisper of concern.

By comparison of actual environmental damage done, country and world wide, and with approval of public officials, Mr. T. could almost be mistaken for a 20th century Johnny Appleseed with a mohawk.

### Need Restrooms

Editor:

Why are all the businesses that cater to people not obliged by the health department to have public washrooms? I speak specifically of food stores.

With one third of the general population on diuretics today, it is embarrassing to have a cart of groceries and have to leave it and go out of the building to find a rest room. I recently was at Cub Foods in Mundelein. All others could follow their example with clean washrooms.

I hope all these new stores being built will have public washrooms for their customers.

## Failure of Tax Proposal Threatens Public Aid Loss

Public Aide Director Edward T. Duffy and local office administrator Elizabeth Hewitt said Lake County could lose more than \$4.7 million in public aid funds if Gov. James Thompson's tax proposal does not pass.

"The Governor's proposal for welfare reform is closely tied to passage of a tax increase. If the legislature fails to pass a tax increase, each county and the state as a whole stands to lose," Duffy said.

Lake County could lose more than \$4.7 million in fiscal year 1988 if the tax increase fails, Hewitt said.

"We will no longer receive approximately \$305,900 in dental services for public aid recipients. Long term care research and demonstration grants totalling \$29,200 would be eliminated. Pharmacists may only be reimbursed for generic drugs, meaning the county could lose as much as \$168,100. And about \$3.1 million in medical payments

will arrive later than normal at area hospitals, doctors' offices and at the offices of other medical providers," Hewitt said.

The county's public aid administrative resources could be reduced by \$219,000.

Local governmental units currently receiving state funds for their general assistance programs could have to increase local taxes or cut general assistance, Duffy said.

## Announce Red Cross 'Win Dinner With A Chicago Bear'

Twelve members of the 1986 NFL Central Division Champion, Chicago Bears have agreed to participate in an American Red Cross fundraiser to be held in Lake County this summer.

The event, titled "Win Dinner With A Chicago Bear," is an opportunity for participants to win dinner for four with a Chicago Bear at one of several fine area restaurants. The fun is but a bonus to the activity's main purpose: to raise money for

the Lake County Dist. of the American Red Cross.

Tickets will be sold through participating companies in Lake County throughout July and August. The big prize drawing will be held Sept. 1, and each of the 10 grand prize winners will win dinner with one of the following Chicago Bears: Maury Buford, Dave Duerson, Steve Fuller, Stefan Humphries, Dennis McKinnon, Jim Morrissey, Ron Rivera, Tom Thayer, Calvin Thomas or Mike Tomczak.

Additional winners will earn the following prizes: a Walter Payton-autographed football, a Willie Gault-autographed track shirt, tickets to Northwestern University football games and Chicago Cubs baseball games, and much more.

"Our main goal, of course, is to raise funds for the Red Cross," explains event chairman Jan White of

Gurnee. "But we want to make this fun and enjoyable at the same time. By structuring this fundraiser around the Chicago Bears, we make it fun for everyone who gets involved. Who wouldn't want to win dinner with a Chicago Bear?"

The prize-winning dinners are compliments of participating restaurants. To date, six restaurants have donated dinner for four for this cause: Ron of Japan, the Landings, Gale Street Inn, Chaffees, Dominick's Steak House and Midlane Country Club.

The Red Cross is currently seeking daytime volunteers to help ensure the success of this event. Individuals who are interested in helping, and companies which would like to participate are encouraged to call Daphne at the American Red Cross (312) 949-1000.

The Red Cross is a United Way agency.

The Lake County Museum has unveiled a new exhibit on pre-settlement vegetation in Lake County.

When pioneers were moving into Lake County from the East, the dominant features of the landscape were large expanses of savanna and prairie interspersed with lakes and marshes and dotted with oak-hickory groves. The new exhibit contains photos, taken from various parts of Lake County, illustrating prairie, wet prairie, marsh, savanna, bog, lake, maple-basswood forest and oak-hickory forest, all of which are still found in the county.

Lake County Forest Preserve Dist. president Donald Strenger commented, "The photographs in this exhibit are taken in the various preserves which are part of the Lake County Forest Preserve Dist. system. Our goal is to preserve this pre-settlement era vegetation for present and future generations to enjoy."

# Red Seal Corp. Earns Two Honors For Quality

Red Seal Development Corp., which plans development in the Lindenhurst area, won two awards for excellence at the ninth annual Sales and Marketing Merchandising Yearly (SAMMY) Awards

sponsored by the Sales and Marketing Council of the Home Builders Assn. of Greater Chicago.

Developers with outstanding sales and marketing strategies for the new housing industries are

honored at this event.

Northbrook-based Red Seal received an award for its overall presentation of four single-family models at its newest community, Winchester Estates in Libertyville.

The four model home interiors, designed by Jean-

Lee Design, Inc., met the criteria of HBAGC requiring the developer to display how model homes relate to each other in design and curb appeal, traffic flow and landscaping.

Red Seal also was presented a SAMMY award for the most outstanding

sales office. The sales trailer was judged on its emphasis of merchandising sales, graphics and its exhibit of the entire community.

David Hoffman, president of Red Seal, attributes part of Red Seal's success to its sensitivity to sales techniques.

"A thought-provoking marketing campaign is the only way to let people know we construct top-quality homes," Hoffman said. "Arousing interest in a community is the first step toward successful sales, so an exceptionally strong marketing force is vital."

## RE/MAX Posts April Increase

RE/MAX of Northern Illinois recorded an increase of over \$2 million in sales volume in April, compared to last year's level.

According to Betty Hegner, president of RE/MAX of Northern Illinois, RE/MAX recorded home sales in excess of \$326 million during April, with 3,027 transactions.

Hegner added that RE/MAX sales associates generated 2,138 listings for the month, with a dollar volume of \$246 million, a 14 percent increase over 1986 levels.

"Sales continue to be strong for RE/MAX," Hegner said. "We are particularly encouraged that sales do not appear to be significantly affected by rising home mortgage rates.

On the contrary, the market remains very active, and we're confident that we'll exceed our year-end goal of more than \$3 billion in sales."

RE/MAX of Northern Illinois is a network of 80 individually owned and operated full service real estate offices.

### Sales Center Hub

A 20-by-40-foot decorated trailer is the permanent sales center at Winchester Estates, a 91-single family

home luxury community in north suburban Libertyville developed by Northbrook-based Red Seal Development Corp.

# Home Seller, Get Your House Ready For Viewing

Of the 3.6 million homes sold in the United States last year, about one-third had a professional inspection before the sale was complete.

According to Betty Hegner, president of

RE/MAX of Northern Illinois, both buyer and seller should be well-prepared for the home inspection and know what to expect.

"The seller needs to get the house ready for in-

spection," says Hegner, "while the buyer should realize that an inspection is not an appraisal or guarantee of any kind."

The seller should be sure the house is neat and that routine maintenance has

been done prior to the inspection. Typically, the inspector will examine heating and cooling systems, plumbing and electrical systems, roof and insulation, walls, ceilings and floors, and the foundation and basement area.

To make certain that the inspection goes smoothly, Hegner suggests that the seller:

-Examine all windows and doors; replace any broken glass panes, hinges, springs and locks.

-Repair cracked masonry on curbs and walkways.

-Clean all mechanical equipment and fix leaky faucets.

-Make sure the area around the boiler is free and clear, so the inspector can

easily reach the furnace and water heater.

-Recaulk any tub, shower or tile areas.

Hegner adds that the buyer should attend the inspection or talk to the inspector personally.

The buyer should keep in mind that all homes need work and improvements at some point.

McIntosh, Ltd. the developers of Turnberry, a 785-acre golf and lake community in Crystal Lake, has signed a contract with Pulte Master Builders for Pulte to purchase single family lots at Turnberry where they plan to build their new, upscale \$275,000 to \$450,000 single-family homes.

Turnberry is a single family planned unit development with an existing 18 hole seasoned golf course, a 25,000-square-foot clubhouse containing three dining rooms, locker rooms, outdoor swimming pools and tennis courts. Lots in Turnberry average three-quarters of an acre and are set into wooded and rolling terrain located in the village of Lakewood, just southwest of Crystal Lake.

Residents are minutes away from the Northwestern train station. There are four lakes at Turnberry, and McIntosh, Ltd., is planning to add another nine holes of golf plus an additional 60-acre lake.

Since last fall, sales have been brisk at Turnberry, with lots in phase five and six nearly sold out. Pulte has just completed its first purchase of 12 lots in Turnberry and are looking ahead to phases seven and eight, which have lots fronting on the golf course and lakes. The lots are fully serviced with water, sewer, gas and electricity.

Turnberry is located two miles from Randall Rd., away from congested areas. Residents will have access to the Northwest Tollway via

the new interchange at Randall Rd. being constructed this fall, giving them access to employment areas of Schaumburg and Woodfield offices complexes, as well as O'Hare and Chicago.

Chuck Byrum, of the Chicago firm of Defrees & Fiske, brought McIntosh, Ltd. and Pulte Master Builders together. He has been acting as corporate lawyer for both firms.

Jim Green, chairman of McIntosh, Ltd.-Holdings, stated, "Pulte Master Builders is a national building firm with great financial resources which has allowed us to have significant building activity at Turnberry. We are

basically in the business of selling improved lots, but, as in any development, the more building activity you have, the faster your sales are.

"We have approached the Pulte deal in a very cooperative manner, and have found Pulte people extremely knowledgeable and a pleasure with whom to work."

Dan Starr, president of Pulte for the last 12 years, said, "We are very excited about building single family residents at Turnberry, as it gives us an opportunity to increase our market share to upscale buyers, and in particular, in an existing quality golf community such as Turnberry."

# Antioch Tae Kwon Do Champs Head To State

BY THOMAS HARRISON  
JUN 15-1987

Little Antioch has shown its true talent. Two young Antioch area boys will represent our town as well as the state of Illinois, yet you read that right, at the 1987 National Tae Kwon Do Open, verified championship competition in Tulsa, Okla. The boys, students at Song's Antioch Martial Arts Institute, are Justin Dyer, age 10, and Lucas Dyer, age eight.

The Dyer boys are among

our students from Song's Antioch School, who competed in the eighth annual state competition. They have returned with first, half first, and black belt competes in black belt competition.

Justin placed third in black belt competition, a sequence of black belt, first place, and second in sparring. Lucas placed first in sparring. Lucas is also 1987 state of Wisconsin champion in forms and sparring. Also participating from Antioch was Kevin

Harison, age nine, who placed first in forms. Tom Wisniewski, age nine, from Indianapolis, took a first in sparring and a third in black belt. He also attends

Clearwater, Fla., in September. Another class, called "The Furious Savage" will play for more performance ability.

## Notes & News

Song's school, July first to June first, winners qualify for the state meet. Song has three students from his Mundelein school who qualified: Mike and Steve Wysocki and Shana Lyons.

The Dyer boys practice from two to three hours daily, running, sparring, and sparring with each other besides attending Song's classes five days a week. That's what it takes to be a champion. Go for it, boys! If they win at the state level, this can be the world competition in

on Friday, June 12, and Saturday, June 13, and then the history. Make reservations now by calling 312-255-0555.

Parents, are your children enrolled in swimming lessons? Session one will start Monday, June 15, and run through Friday, June 19. Registration can only be made in person at the Antioch Aquatic Center. Lesson fees are \$15 per session for pool members and \$25 per session for non-members. Three two-week sessions will be offered for more in-

formation call 312-255-0555. And of course you won't want to forget the opening day at 11 a.m. one of the coolest games ever invented, but imagine five or six year old kids wearing a too large baseball cap and a baseball shirt, sometimes down to his or her knees, hitting a baseball, running, and throwing it. It's a sight that will bring you smiling if not outright laughing for the whole game. Games will be played Tuesday and Thursday from June 16 through July 23 (weather permitting) at 11 a.m. and 3 p.m. at the Antioch Little League field at Williams Park, 741 Main St. For more information call 312-255-2140.

Something else to look forward to if you like bargains: St. Ignace church's marriage sale is coming up next week on June 18!

Deadline for application for the Miss Antioch Pageant is 5 p.m. June 20. Any girl between the ages of 16 and 21 with a 195 telephone prefix, and who has never been married or modeled professionally, is eligible. At this time, five girls have applied, and nine are wanted. The same situation prevails for the Little Miss Pageant. "The more the merrier," says the Parks and Recreation Dept.

# Illinois Bell To Expand Local Calling In Lakeland Area

Illinois Bell has proposed changes in its newly restructured calling rate plan to include Waukegan and Gurnee in an expanded local area for residents of Grandwood Park and unincorporated Wildwood.

The proposal is expected to reduce bills for most of these customers. Grandwood Park residents are served by Illinois Bell's

switching center in Lake Villa; Wildwood residents are served by the switching center in Grayslake.

Also in this area, the proposal would expand Waukegan's local area to include Antioch, Grayslake and Lake Villa; Zion adds Antioch; Wauconda adds Crystal Lake, Libertyville and McHenry; Round Lake adds Libertyville and M-

cHenry; Antioch adds Waukegan and Zion; and Fox Lake adds Wonder Lake.

Illinois Bell's pay-for-what-you-use-plan, in effect since March in northeastern Illinois, allows residential customers to call within local areas and talk as long as they like for one message unit—about a nickel a call.

All calls outside customers' local areas are billed according to when the call is placed, the distance of the call and how long the caller talks.

In areas outside the Chicago metropolitan area, some callers found that neighboring communities were not included in their

local calling area, according to Fred K. Konrad, Illinois Bell assistant vice president for Regulatory Affairs.

"In these circumstances, some residential callers are not receiving the nickel rate for a call to neighboring communities," Konrad said. "That is not consistent with our plan to provide local calling areas."

Under the plan implemented in March, local area calls are those placed to locations served by the caller's switching center or any other switching center within eight miles.

"The greater distances between our switching centers beyond the Chicago metropolitan area have

created some cases in which neighboring communities are in different local calling areas," Konrad said.

For example, switching centers serving Grandwood Park and Wildwood are more than eight miles from the Waukegan-Gurnee switching center, but the service areas for their switching centers border Waukegan's.

The modifications proposed by Illinois Bell provide that any community served by a switching center bordering a customer's own switching center will be included in the customer's local calling area.

"With these changes, we

will achieve a plan that is fair for all callers and reduces rates for the majority," Konrad said.

The plan implemented in March replaced pre-paid flat rate local service charges with rates based on the calls each customer actually makes. Customers receive discounts of 33 percent on calls made between 9 p.m. and 8 a.m. and volume discounts of up to 33 percent for residence customers and up to 23 percent for business customers.

Rates for intercity calls to communities more than 15 miles away have been reduced by as much as 65 percent.

# Fox Lake Aims Gunsight At Eyesores In County

Note: This is the seventh in a series of articles related to building and zoning violations.

The Village of Fox Lake has passed a resolution calling for the county building and zoning department to aggressively enforce its ordinances.

The ordinance states: "Whereas, the Village of Fox Lake has entered into a course of action to improve its quality of life and to preserve its rural and recreational resources; and "Whereas, the Village of Fox Lake has taken note that the unincorporated area surrounding this village also serves as a setting to enhance the vision of Fox Lake as the jewel in the crown of the Chain of Lakes; and

"Whereas, the Village of Fox Lake has further noted that there are numerous building and zoning violations in the surrounding unincorporated area; and "Whereas, these violations have been of long duration and have caused a deterioration of the quality image of the Chain of Lakes Region in Lake County, Illinois; and

"Whereas, it is the belief of the general public and this village in particular, that the Lake County Building and Zoning Dept. has been negligent in the inspection and enforcement of the Lake County Building and Zoning Ordinances within the unincorporated lands of northwestern Lake County; "Now, therefore, it is hereby resolved by the mayor and village board of the Village of Fox Lake, Lake County, Illinois, as follows;

"That the Lake County Building and Zoning Dept. and its director, Robert Streicher, properly execute the present building and zoning ordinances that exist within Lake County, Illinois, without prejudice; and "That, the Lake County Board of District Representatives monitor and bring pressure to bear on the Lake County Building and Zoning Dept. and its director, Robert Streicher, to oversee that the Lake County Building and Zoning Ordinances are hereinafter equitably and aggressively enforced; so

"That, this, the Village of Fox Lake, is able to be part of a Lake County that reflects the pride of its people in their villages, their county, their state and their nation."

In comments, Fox Lake Mayor William Dam said, "This reflects our

unanimous frustration with the Lake County Building Dept."

He noted that Fox Lake has three building inspectors and one code enforcement official while only one is assigned to Grant Twp. And only about a third of Grant Twp. residents live in Fox Lake.

Dam said that the lone building official, Tim Kaplan, also covers Wauconda Twp. and elsewhere, as well. "You can't be parttime and do a decent job," he said.

## Tax Hike Would Cost \$61 Million

Sixty-one million dollars will come out of the pockets of individual state income taxpayers in Lake County, according to a study by the Illinois General Assembly's Legislative Research Unit.

"That's what the 40 percent state income tax increase now being suggested by the governor's office will cost local taxpayers," said State Rep. Bernard Pedersen (R-Palatine).

"Local taxpayers will find it difficult to discover how the \$61 million proposed to be extracted from their paychecks by the 40 percent income tax hike will benefit them," he added.

"I challenge local taxpayers to add up everything

Karleen Tanimura of Mundelein, who will enter the University of Illinois as an education major; Suzanne Haack of Ingleside, a sophomore in special education at Wartburg College, Iowa; and Lisa Connelly of Zion, a senior in dietetics at Illinois State University, are this year's recipients.

that the governor's people have promised and compare that total with the \$61 million local individual taxpayers will be forced to pay under the governor's plan. It will be a rare part of Illinois in which the extra state aid to education, local municipal and county share and other 'goodies' equal the amount to be paid," Pedersen concluded.

## Offer Incentive Pricing To Industrial Customers

Commonwealth Edison, in a continuing effort to preserve existing jobs as well as stimulate employment growth in northern Illinois, is proposing to offer incentive pricing to an additional 5,000 industrial customers. Under a proposal filed with the Illinois Commerce Commission, the number of customers

potentially eligible for discounts would increase from 1,600 to approximately 6,600.

Edison's Industrial Development Rate, Rider 19, currently is available to any new or existing industrial customer whose probable maximum demand is at least 500 kilowatts for nine of 12 months of each contract

year. The proposed change would reduce the qualifying demand requirement to 100 KW.

Rider 19 provides discounts ranging from 20 to 100 percent of demand charges to companies which qualify. Most industrial customers pay a demand charge in addition to a charge for kilowatt-hours consumed. Rider 19 applies

only to increased electricity usage above historical levels. When more kilowatt-hours are used by customers, Edison noted, everyone eventually pays less per kilowatt-hour toward the fixed costs of supplying electricity.

Rider 19 went into effect in November 1985, following ICC approval. In September 1986, the commission approved reduction of the eligibility requirement from 1,000 KW to 500 KW. To date, 69 customers have been approved for service on Rider 19, and 33, most of them major employers, have begun service under the rider.

## Bank Raises Dividends

Fred Abdula, chairman of Northern States Financial Corp. and the Bank of Waukegan, has announced that stockholders will receive a 23.8 percent increase in their semi-annual dividends.

This increase in dividends, from \$1.05 per share in 1986 to \$1.30 per share this year, was approved by the bank's board of directors in May for stockholders of record as of May 15.

Bank of Waukegan president Charles E. Offenloch stated that for the first seven months of the bank's fiscal year, net earnings totaled \$1,513,945, a 12 percent increase over the same period a year earlier, resulting in an earnings per

share of \$9.61.

The annualized return on equity for the same period was 19.9 percent and return on assets was 1.41 percent. Bank assets as of April 30

were \$185,671,036 with outstanding loans of \$108,089,174 and stockholders equity of \$14,351,828. Book value as of April 30 was \$1.12.

Dear Fellow Career Seeker,  
I would like to tell you about my great experience. Because Echols School gave me such wonderful training and support, I am delighted to give this endorsement.

I was eighteen years old, and very confused and scared about my future. I was getting close to graduation from high school in Streator. I was not interested in college, and I did not have the funds at the time. I was going to stay in Streator and look for a job, but I wanted a real career.

One day my career counselor told me he was taking a group of students to Chicago to visit a travel and hotel school which not only trained high school graduates for positions in the hospitality industry, but also helped to place them in good positions with the airlines, hotels and travel agencies. I decided to investigate... and am I glad I did!

I went to visit the school and was very impressed. I enrolled two weeks after high school graduation. Through the efforts of the great School Placement Service, I received a job at the famous Hyatt Regency in Chicago... and do I love my job! It is so exciting and a wonderful career for people like us. I never know who might be coming to our hotel, Michael Jackson, Bruce Springsteen, or even the President of the United States. I relish that kind of excitement.

My career choice exceeded my fondest hopes. I am earning my living in downtown Chicago doing something I truly enjoy and I am earning more than I ever dreamed possible.

Perhaps your career counselor would bring a group of students to Chicago to visit the Echols School. You will visit the classroom sessions, the American Airlines Computer Center, and see how interesting it really is. Why not call this Echols and arrange to visit the schools. The address and phone is: TIME/LIFE BUILDING, 303 E. OHIO STREET, SUITE 2718, CHICAGO, IL 60611. (312) 943-5500. If finances are a problem, financial assistance is available.

Sincerely yours,  
Chris Brickman

## Panthers, 'Dogs Look To Future

For Round Lake and Wauconda's baseball teams, hope for next year rides on strong second half showings in Northwest Suburban Conference games.

The Panthers recovered recovered from a mid-season slump to finish strong in Northwest Suburban Conference play.

"We had some big shoes to fill and we were hoping to be better," coach Jim Prorock said of his team's 8-6 Northwest Suburban Conference season, 11-13 overall.

On the bright side, though, the Panthers, who won the NWSC title in 1986, did finish 5-2 in the second round of league play.

"We saw some improvement as the year went on," Prorock said.

The Panthers' biggest hangup seemed to be leaving runners on base.

"It was either we scored a ton of runs or we left a ton of runners on base," Prorock said.

The first-year mentor can

take solace in the fact that five Panthers made all-NWSC. That's second only to Grant, as the league champions placed six on the list.

Panthers on the team were: Chuck Banker, Damon Horn, Keith Schmidt and Bob Akers. All are seniors. For Banker, it was the second time he was selected all-conference.

"Those five were the bulk of the team. We'll lose six starters and two parttime starters," Prorock said.

Laubinger led the Panthers in hitting in NWSC play with an even .500 batting average. Schmidt hit .419 overall. He also had a 7-2 record and a 3.00 earned run average.

Hope for the future at Round Lake can be seen by looking at league standings for underclass teams. The Round Lake sophomores finished 10-4 in league play, two games behind Lake Zurich's sophomores, who were 12-2. The Round Lake freshmen were 4-3, in second place behind Lake Zurich.

A late-season rush by Wauconda gives coach Jim Van Fleet hope that next year the Bulldogs may be a factor in the Northwest Suburban Conference.

The team recovered after a slow start to finish at 10-22 overall and 6-8 in the NWSC, good enough for fourth place. The Bulldogs were eliminated by Elgin 13-1 in the opening round of the Dundee-Crown regional.

"We started off slow with a lot of kids with no experience but we played well and improved as the year went on," Van Fleet said.

The Bulldogs placed two players on the all-NWSC team, catcher Todd Marlowe and centerfielder Dave Kyst. For Marlowe, it was the third straight time the senior was named all league.

Marlowe will surely be missed by the Bulldogs next year. The senior was a consistent hitter all year, finishing with a .360 batting average. He also dared any runners in the league to try to steal second.

"He's got a real quick bat. They're not too many pitchers in this league who can challenge him with a fast-ball, so we tried to get him to keep his weight back," Van Fleet said.

Of his defensive abilities, the coach said: "He's got a real strong arm."

## Mustangs 'Ugly' Win Counts In Hersey Sectional Opener

by STEVE PETERSON  
Sports Editor

As far as one can determine, former Chicago White Sox manager Tony LaRussa was not at the Mundelein-Grant girls softball game Saturday. Nor was former Texas Ranger manager Doug Radar.

But the recipient and the founder of "Winning Ugly" baseball phrase would of put Mundelein's 4-1 win over Grant away as a case study.

"It's the Mustang way. I thought we played poorly but a mark of a good team is being able to play poorly and still win. That makes us a good team. We won and that's what counts," Mundelein coach Jim deRivera said.

Good enough, at least to oust Grant from the Hersey section in Arlington Heights. Grant had been

experiencing a late-season rush. Advancing to the sectional final marked the farthest any MHS softball team has gotten in the 25-year history of the school. MHS was shooting to knock off the state's highest ranked softball team in New Trier Monday.

The Mustangs, 26-8, notched just two hits in this one-but what made the difference was six errors by the Bulldogs.

Susan Musselwhite picked up the victory for Mundelein, striking out 11 in the process after giving up a run in the first inning.

"She doesn't show it, but she may have been nervous within herself," deRivera said.

Chris Scott started the inning for Grant when she was hit by a pitch. She stole second and later scored on

an error.

Mundelein tied the game in its second when Holly Smith walked, advanced to second on a wild pitch and later scored on an error.

The Mustangs scored another run in the third to take the lead when Kelly Magoon scored on a wild pitch. The Mustangs could have scored more though, but a runner was thrown out at home.

Mundelein knocked Grant starter Becky Brace out of the game in the fourth. Chris Churchill walked, went to second on a wild pitch and scored on an error as Ashley Struggles reached.

Mundelein executed a double steal to score a run in the fifth.

Grant had its chances after the first inning, but the Bulldogs, 15-8, could not capitalize.

## Players May Tone Skills At MHS Hoops Camp

It may be hot, steamy this summer but for Mundelein area basketball players, it may be the best time to polish up their skills for the upcoming season.

Players will have a chance to do just that at a basketball camp directed by Mundelein High School boys basketball coach Dennis Kessel.

"Great players are made during the off-season. If you want to play basketball - get involved. Hard work and sacrifices are the secrets to success," Kessel said in a brochure.

Boys and girls in grades second through eighth for the 1987-88 school year are eligible for the camp. Applications are available through Kesel.

The program will begin June 22 and continue through July 3. An awards day ceremony will be held July 3. The camp will be at MHS.

Cost for the program will be \$35 for second through fifth graders in a two week session. Their time will be 10:10 a.m. to 12:10 p.m. The cost for sixth through eighth graders will be \$45 and it will

run from 10:10 a.m. to 12:45 p.m.

The camp will feature two hours of daily basketball fundamental instruction; 15 minutes for free-throw shooting each day; shooting analysis for each camper; camp t-shirt; free throw contest; 45 minutes a day for team offense for sixth, seventh and eighth graders and learning the basics of the jump shot.

Kessel will be joined at the camp with a team of former players as instructors.

## Skyhawks Coach Terms Season 'Disappointing'

'Disappointing' is the clear way Johnsbury baseball coach Wayne Hiller describes the Skyhawks' just-completed season.

The mentor, then will be hoping for better than a 5-9 Northwest Suburban Conference record, 5-14 overall, when he begins his third year at JHS in 1988.

"We'll be hoping for some better things next year," Hiller said.

Hiller has a few things

already he can point to for that proverbial 'next year'.

Junior Eric Mellum was named all-conference and led the team and hitting and returns.

Junior pitcher Frank Good, used primarily in relief to start the year, looked good in the starting role in the last few games, Hiller said. "I gave him a chance to start and he pitched well," Hiller said.

Last and not least,

Johnsbury's sophomores had a 14-6 record.

"We have some good material coming up," Hiller said.

For 1987, Hiller will be looking back at a year which saw the Skyhawks not get the hitting they needed.

"I thought we would be closer to .500," Hiller said.

As all Chicago Cub fans know, there's always next year, coach.

## Prather Bats .300

Lake Villa native Craig Prather completed his junior season for Iowa State's baseball team and finished as one of the team's leading hitters.

Prather hit .300 with 29 runs-batted-in, had seven doubles and a team-high six triples to his credit. He ranked second in the Big Eight in triples and also had six home runs as ISU's designated hitter.

"Craig had a very good year for us and we're looking for bigger things from him next year," ISU head coach Bobby Randall said. "He's got some big hits for us this year and we're looking for more of the same next year for Craig."

## Wild Styles' VIP Club A Very Special Place

by GLORIA DAVIS

Being a member of a private club seems to always have gone hand in hand with polo ponies, yachts and all the other things taken for granted by the jet setters.

But now, Wild Styles, a nightclub, lounge and eatery on Waltonian Ter. in Fox Lake, is offering that privilege to their special VIP customers, even if they don't have a drop of blue blood.

Actually, the restaurant upstairs of the nightclub and lounge, turns into a private club called the VIP Lounge at 10:30 p.m. after the dining hour is over.

In contrast to the bright nautical decor downstairs, the VIP Lounge is done in soothingly soft grays and burgundy, the perfect place to relax and socialize in a private atmosphere.

But everyone is still not so privileged. The list of the members of the VIP Lounge is presently made-up of hand-picked special customers of Wild Styles chosen by the owners Ricard Pertile and his sister and brother-in-law, Dave and Lori Olandese.

There is a small fee for membership that not only gives one a membership card and the use of the club, but also gives discounts on things sold at Wild Styles and at several other Fox Lake business establishments.

Members can also use the VIP Lounge, free of charge, for private parties with a 30-day notice with discounts on all the banquet facilities.

Pertile says that non-members can also lease the VIP Lounge for private parties sans the discounts.

Wild Styles, was so named because the owners wanted to draw all styles of dress, music, dancing and customers to make the

lounge a more interesting place to have fun in.

The costly electronic system, which produces a terrific light show, goes along with the bar's name. And the custom-made deejay station, a replica of the hull of a 1950's wooden boat, is another unique draw.

Pertile and the Olandeses opened Wild Styles a year ago and since then, because of their enthusiasm, hard work and know-how (gained in 10 years in the lounge business) it's been downhill with business increasing daily and nightly.

The restaurant's menu is a varied one, running the gamut of cuisines, from a peanut-butter sandwich to a succulent prime rib dinner.

The agenda in the lounge also reflects the lounge's name, with something exciting going on constantly, from the present in-house volleyball league (complete with outside bar to serve thirsty sportsmen and women) to the outstanding deejay music sometimes accompanied by the beat of the lights.

With the lounge's first anniversary not quite upon us, expansion is already the order of the day. Wild Styles has a proposal in front of the Fox Lake Village Board for the construction of a 1,200-foot deck off of the second floor.

Plans are for outside dining, dancing and socializing under the stars as soon as those plans become a reality.

There may even be the serving of Sunday brunch on the deck under the morning sun after it is complete, says Pertile.

Despite the fact that the presence of the Fox Lake Police in the area outside of the lounge sometimes puts a damper on partying, Pertile feels that "we run a pretty clean operation" so we haven't had, nor do we expect to have, a measurable amount of trouble from our drinking customers."

So the invitation is out, "come on down to Wild Styles and have a swinging time!"

A Round Lake Beach Foodfest will also be a big part of the birthday party, with local merchants offering their top tasty tidbits and bubbling beverages. There will also be prizes distributed with one of the leading ones being a go-cart from Coca Cola.

## Museum Plans Military Exhibit Through Summer

Models of military soldiers and their equipment will be on exhibit at the Fort Sheridan Museum through the summer through the courtesy of the Military Miniature Society of Illinois. The exhibit, entitled "The American Soldier—a collection of model soldiers and militaria" was placed on public display June 7 and will remain in place through the Labor Day weekend.

Toy soldiers and model soldiers have been a fascination of people in and out of the military for centuries, but only in the past twenty years have new techniques and materials been available for hobbyists to express uniforms, weapons and other equipment in fine detail, according to the

Military Miniature Society officials.

The Illinois chapter has 350 members, covering all age and vocational groups throughout different locations in this country, Canada and South America. They hold monthly meetings and put out a monthly journal, "The Scabbard" containing prints, photos and articles on modeling and history.

"We're delighted to join with MMSI in staging this exhibit. We hope that everyone in the north shore and Lake County takes advantage of the chance to visit our museum and view the miniature models this summer," said Thomas Kocher, curator of the post museum. Museum hours are 10-4 p.m. every day, including weekends, and admission is free.

Home gardeners can find categories for competition including the new Home Garden Photo Contest. A talent contest is also a popular event.

For a complete list of fair events request a premium book by calling (312)223-2204; or write the Lake County Fair Assn., P.O. Box 216, Grayslake, 60030.

# ROCK TRACKS

By Rob Ferrus

Like a Florida hurricane, The Rock City Angels hit L.A. in mid-1987 and quickly stormed their way through the local club scene with a great live show — highly unusual for a band whose members are so young.

Bobby Durango (lead vocals) left Florida while The Rock City Angels (RCAs) were still topping local charts and playing the best Florida rock clubs. He dazzles his audience with his unique cowboy/cowgirl looks and his commanding voice. His self-created style has brought a new brand of rock 'n roll to the L.A. scene that teases, taunts and rocks. His music and stage antics are a mix of James Brown and Mick Jagger, if you can imagine that.

Ringo Jukes began performing professionally during high school. From country music to the big band sound of the 40s, Jukes did it all, even serving time as a drummer for The Drifters. Ringo's a "real" drummer — a superb, break-down-the-house type who captures the true spirit of rock 'n roll.

## Guitar Imagery

Andrew Calhoun, songwriter, singer, guitarist will appear at Adler Cultural Center, Libertyville, at 7:30 and 9:30 p.m. on June 13.

### Still 55 MPH

The speed limit on Wisconsin's interstate highways will remain 55 mph until approved by Gov. Tommy Thompson and the speed limit signs are erected. Thompson's OK is expected soon.

# Players Plan Program Full Of Dramatic Zest

The Kirk Players invite everyone to get into the "act" by participating in their 16th annual summer workshop program. Both children's (grades three through eight) and the adult, freshmen to senior citizen, workshops are free and begin Monday, June 15, at the Mundelein High School Auditorium. They will run for nine consecutive Mondays.

In announcing resumption of their annual children's workshop, which was not held last year, Thom Koch, Jr., the Kirk Players' special activities director, also announced that Carol Marie Fischesser would be directing the activities.

Fischesser is a relatively new Player who came from Cincinnati, where she was very active in their community theatre scene. She is a professional storyteller, with a heavy children's theatre background.

The main thrust will be Story Book Theatre and creative dramatics, and is intended to stimulate the young people's interest in theatre arts while having a great deal of fun. The children's workshop will run from 6:30 to 7:30 p.m. each Monday.

The adult workshop will run from 8 to about 10 p.m. and will center around acting technique and directing. Koch indicated that their established format would be followed. Participants will be assigned to specific scenes in groups of two or three actors and a director.

They then work independently on the scene

and show it to the other workshop participants who provide constructive critique. The group goes back to work independently using those suggestions they choose and present a final showing before their fellow participants.

Guest speakers will address the workshop from time to time and a special series of sessions on voice and diction are planned for later in the workshop program.

Both workshops are designed for the rank beginner, as well as the experienced. There will be people who come to "fine tune" their theatrical skills, and new faces who are interested in learning more about theatre and theatrical literature. All will have fun and meet new people.

Although it is not necessary to attend all nine sessions, students who do can expect to participate in at least two scenes, one as actor and perhaps one as director. Classic theatrical literature will provide scenes with enough "meat" to help any participant. Both comedy and drama will be featured.

Pre-registration is not necessary, but it would help in planning scenes used. Many Kirk Players were first discovered during these workshops, and many lasting friendships have been formed.

Come for instruction-by-doing or come-just-for-fun! Call Jim Lynn at (312) 566-6594 for additional information on either workshop, or to register.

## Christian Music To Fill Air At Gurnee Theme Park

The popular sounds of contemporary Christian rock music once again will fill the air at Six Flags Great America on Saturday, June 27 and Sunday, June 28 during the park's "Joyfest" weekend.

Geoff Moore kicks off the weekend festival on Saturday afternoon in Pictorium Plaza at 2 p.m. Moore's show, famous for hard-driving, guitar-oriented sound, includes hits from his most recent album, "The Distance," featuring a remake of the Randy Matthews hit single, "Didn't He."

The entertainment continues into the day with Sheila Walsh. A native of Scotland, Walsh has recorded five albums including her latest "Shadowlands," which features her popular single, "Christian."

Randy Stonehill rounds out the day with songs from his popular album, "The Wild Frontier."

The second big day of popular Christian rock begins Sunday at 2 p.m. with Kim Boyce and songs from her self-titled debut album. Her recent release "Fear Not My Child," a popular duet with Carman, is powerful and passionate.

The Imperials, winners of four Grammy awards and 13 Dove awards, have recorded an unbelievable 39 albums since the group was formed in 1964. Since the "Jesus Revolution" had not hit yet, and gospel rock musicians were unheard of at the time, The Imperials truly were trendsetters in contemporary Christian music.

Completing Great America's Joyfest II Christian music festival is Carman. His latest recording, "A Long Time Ago... In a Land Called Bethlehem," exhibits his dazzling blend of storytelling, drama, humor and smoothly choreographed staging.

# Fest, Wauconda Rodeo Is Big Double Feature

by GLORIA DAVIS

Wauconda Rodeo time has always been an exciting time, not only in the Village of Wauconda, but in Lake County.

It's the big summer weekend when rodeo lovers from near and far head for the rodeo stadium on Rte. 12 in Wauconda to cheer on their favorite cowhands.

This year the rodeo is bigger and better than ever and 1987 brings a big new addition to the popular annual celebration.

According to Sharon Reynhout, Wauconda Chamber director and chairman of the retail committee, this year, a village-wide rodeo festival will run simultaneously with the rodeo, July 10, 11 and 12.

Famed psychic Irene Hughes will be available on Friday for private consultation for \$12, from 9 a.m. to 8 p.m. at Liberty Plaza on Rte. 176.

Also on Friday night there will be a fish fry and street dance at the Moose Lodge on Maple and Mill Sts.

On Saturday, the Wauconda Boosters will breakfast with the cowboys at Wauconda High School and the Wauconda Orchards will hold a raspberry festival. Also on Saturday, the Miss Wauconda Contest participants will host "Steak Under the Stars" at Lindy's Landing on Main St., from 6 p.m. to 1 a.m.. There will also be free dancing to furnished

music to be announced.

On Sunday, rodeo guests can visit the Model Railroad Museum on Main St. in the basement of Antiques and Greenery. The rodeo parade will start at noon on Sunday on Rte. 176, east of Rte. 12, march to Main St., up Main St. to Wauconda High School.

The grand marshal of the parade will be US99 country radio disc jockey Dean O'Day. An arts and crafts fair, sidewalk sale and flea market will be going on all over the village all weekend.

Antique stores throughout the village will be featuring specials during the event.

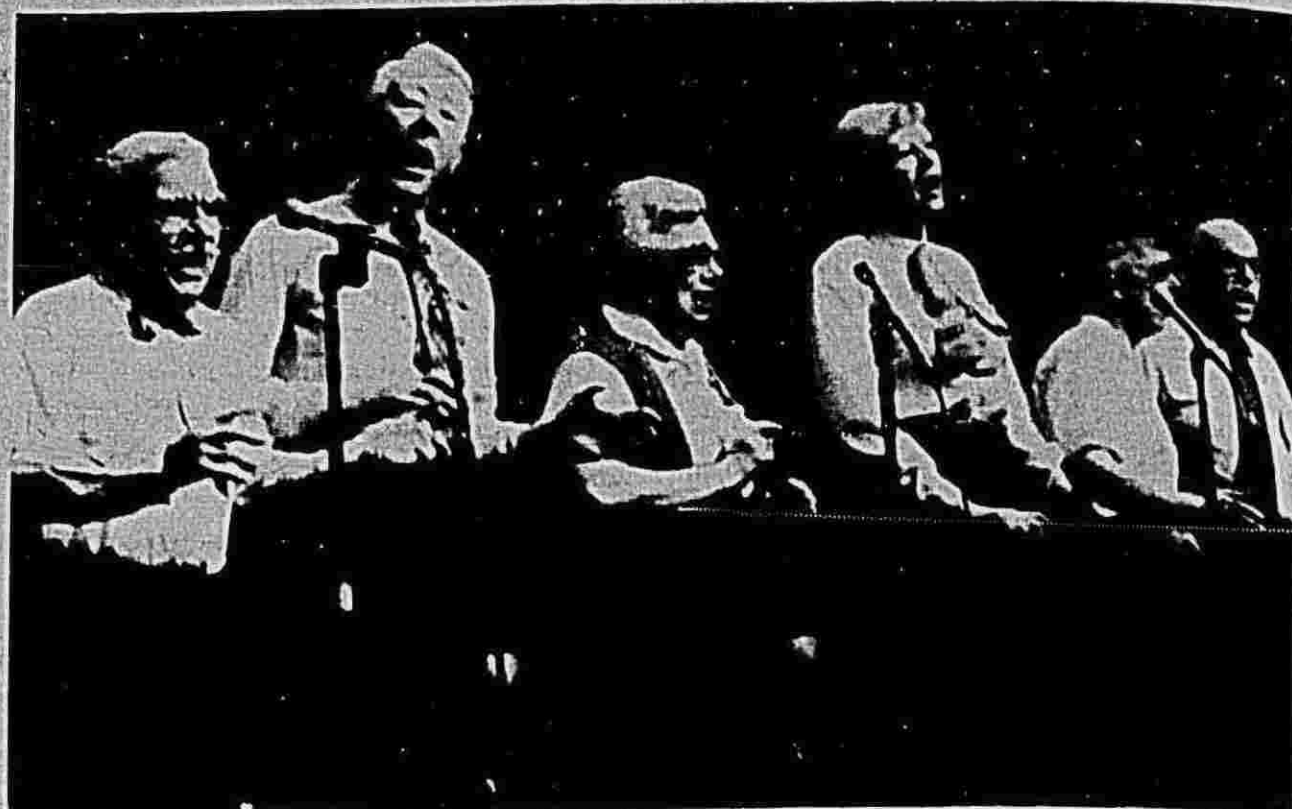

The main attraction, the 24th Annual IPRA Rodeo will feature top cowboys ranking in the top 15 nationwide. All three nights the contests they participate in will count as points for the country's top cowboy contest.

Everyone who attends the rodeo on Friday will be able to vote for the Rodeo Queen, to be crowned during the rodeo that night.

The rodeo will be opened every night by Golden Knights Parachute Team's landing on the rodeo grounds.

The gates will open on Friday and Saturday, at 6 p.m., show starts at 8 p.m. and on Sunday, at 1 p.m., showtime, 3 p.m.

Anyone interested in taking part in the parade on Sunday or entering a float can call Lou Mercieri, (312) 526-5557 or Reynhout at (312) 526-7750.

# Plan Fest Ala Zorba At Orthodox Church

This year marks the 27th anniversary of the official Greek Festival at St. Demetrios Greek Orthodox Church. The festival features Greek foods, pastries, entertainment, music and dancing.

It will be held from noon to midnight on Friday through Sunday, June 19, 20 and 21, at O'Plaine Rd. just one-fourth mile south of Rte. 120.

The church has served the Waukegan and Lake County Community for 58 years. The

forerunners of today's St. Demetrios Greek festival were fund raising picnics hosted during the depression era at Wedges Corner, Foss Park and the Serbian Monastery, while dances were held at the Lithuanian Hall, Turner Hall, the

American Legion, Karcher Hotel and Waukegan Hotel.

Picnics that included prizes and comical bushel baskets set in the middle of the dance floor provided

means to build up the meager treasury to rent space for services and ultimately, in 1960, build the edifice at Glen Flora and North Ave.

## Offer Nature Series

Parents looking for refreshing ways to spend time with their youngsters this summer are encouraged to sign up for the Parent-Tot Nature Programs offered at the Edward L. Ryerson Conservation Area in Deerfield.

For children four to eight years old and their parents, grandparents, or babysitters, the preserve's naturalists will lead nature games, explorations, crafts and stories. Four different sessions are available, each meeting once a week for four weeks. The activities are held between 10:30 a.m. and noon. Sessions begin the week of June 15. The fee is \$5 per Lake County family and \$10 per out-of-county family.

To introduce the 61st fashion show, Kraft joined with Tiffany & Co. to co-sponsor "Breakfast at Tiffany's."

The event included some of Chicago's best-known civic, social and fashion leaders who will be modeling in the upcoming fashion show.

The Rush-Presbyterian-St. Luke's Fashion Show is the oldest and largest charitable event of its kind in the country. Proceeds from the 1987 fashion show, which will be held on Sept. 23 in Chicago's Medinah Temple,

## Charles Kuralt celebrates 20 years 'On the Road'

By Lynn Hoogenboom

Charles Kuralt originally planned to spend three months "On the Road."

Charles Kuralt

"The agreement was that it was to be a three-month project to the end of 1967," he says. "But when the end of the year came, no one said stop, so I kept going."

This year, in fact, the segments Kuralt does about ordinary people who really aren't so ordinary marks its 20th anniversary. It will be celebrated with an hour-long special, "Twenty Years on the Road with Charles Kuralt," which airs Wednesday, June 17, on CBS.

Viewers will once again get a chance to see the world's largest ball of string, the singing mailman, the 104-year-old jogger and the women of North Platte, Neb., who fed every single serviceman who came through town during World War II (some days that was as many as 10,000), and never charged any of them as much as a nickel.

Kuralt has never had to

worry where the next idea for an "On the Road" story will come from. "Most ideas come in the mail," he explains. "But we still stumble on a lot of stories. We'll be driving along and just see something and we'll stop and do a story. Or we'll be having supper in a cafe someplace and someone will come up to us and say, 'Gosh, don't leave town until...'"

It wasn't quite so easy when he first began. "I started every conversation by saying, 'Ma'am, you're not going to believe this, but we come from CBS and we want to do a story about...'" he says. "But it didn't take long before people almost began expecting us to show up. And every reporter who has ever had to ask embarrassing questions or poke his nose where he's not wanted knows the relief that comes from just doing stories that are altogether pleasant."

Virtually every story he does gets on the air. "You develop a sixth sense about what's going to work," he says. But there have been one or two that didn't work out. "Animal stories don't seem to work very well," he admits. "There was a parakeet in Ohio who was supposed to be able to say, 'And that's the way it is.' But when we got there, the bird wouldn't say that or anything else."

If Kuralt has his way, "On the Road" will be around for another 20 years. "Anytime I think about quitting," he says with a laugh, "I realize that if I did, I'd have to go back to work."

# LCAVC Students Build Home For Fire Education Tool

by STEVE PETERSON

Firemen attending school assemblies warning youth about the danger of fires is nothing new.

But in the 1987-88 school year, Lake County school children will be learning fire prevention in a unique way.

Because of a joint effort by the Lake County Area Vocational Center and the Lake County Fire Chiefs Assn., a new house was built, designed to show youngsters how to escape for a burning home.

"It will mainly be used for grade school children. They are the most impressionable," Frank Chamberlin of the Knollwood Fire Dept., said.

The home was unveiled last week by LCAVC and fire chiefs association officials at LCAVC.

The house, which is two stories high, features a bedroom, a "living room" and enough area for three to four youngsters at a time. The house, which cost \$6,000 to build, is transported on

the back of a trailer-pulled vehicle. Its debut will come at Libertyville Days.

The house is equipped with a "Roscoe" brand smoke machine that may be monitored and the fans, smoke machine, lights and detectors are controlled. The home is supplied with red strobe lights which are controlled from the master control room. These lights, when operated in the smoke, will simulate flames in a building.

The concept, which started

in Indiana, is to show youngsters how to escape from a burning house. A stairwell is used to escape below the smoke.

A residential-type sprinkler system is featured in the home.

Fire chiefs and LCAVC officials praised the work of the students, some 60 all told from various classes. Those classes involved were: building trades, welding and electrical systems.

"The kids did an excellent job. There were a variety of different students," Dick Glogovosky, assistant director at the LCAVC, said.

A plaque will be placed in the house noting the students' work.

Glogovosky said if one life is saved through the project, it will be worth the effort.

Schools interested in having the home shown at their schools should contact their local fire departments.

The fire chiefs association is working on getting the "non-standard vehicle" a proper license plate.

# 10 reasons why you should maintain and increase your newspaper advertising when business is slow.

**1.** Whether business is good or slow, you have to get your share of whatever business is around. Cutting back your advertising puts you at a disadvantage at the very moment when you need an edge. Increasing your advertising gives you the edge.

**2.** In times of uncertainty, consumers are careful and a little reluctant to spend. They want to be sure before they buy; they want information about products, services, prices and values. The best source is newspaper advertising. Yours—or somebody else's.

**3.** Maybe you figure other retailers in your line are going to cut back their advertising, so it's safe for you, too. Right? Wrong. You're in competition for the customer's dollar with very other retailer in town, no matter what he or she sells. People have only so many dollars to spend and if they don't spend them for what you sell they'll spend them for something else.

**4.** There are more people working now than ever before. More women working, too, adding to the family income. People still need and want goods and services and will spend for them. There is plenty of business out there. Your competitors will be bidding for their share—and yours.

**5.** You can't do much about most factors in the marketplace: rent, labor cost, price or merchandise, what the competition will do. But one thing you do control is your own promotion. Remember that newspaper advertising is not just a cost of doing business. It's a proven sales tool that returns many times your investment in store traffic and sales.

**6.** Remember how long it took you to get started? Once you build up a business, you can keep it going with a moderate, consistent advertising program. But if you cut your advertising and lose your hold on the public's awareness you'll find it's much harder to build it up again. It's sort of like starting all over.

**7.** Your advertising is part of your sales force. Newspaper ads help to pre-sell the customers and help you close the sale faster. What saves you time saves you money.

**8.** You say your customers know you and for a while at least they'll keep coming in even if you don't promote? That's partly true, but shortsighted. Remember, one out of five Americans moves every year. So there's a steady flow of your customers out of your market, and a corresponding influx of new folks who don't know you at all. Tell them about yourself.

**9.** Here's a hard fact to chew on. Over any given period, a business that advertises below the industry average has sales that are below the industry average.

**10.** Advertising is "news" — about products and services. Your customers look for this kind of news in the pages of Lakeland Newspapers. In plush times, retailers often experiment with other media. But when the going gets tough, they concentrate their efforts in the newspaper because it provides an immediate payoff at the cash register.

## Baxter Grant To Help Jobless

The advisory committee of the Youth Conservation Corps, Lake County Forest Preserve Dist., acknowledges a \$1,200 grant from Baxter Travenol Foundation in support of the 1987 YCC Program.

This contribution will be pooled with donations from other businesses and industries to provide summer work opportunities for Lake County youth between the ages of 16 and 18.

During the eight-week program the youth will participate in projects such as recreational development, conservation, and maintenance throughout the county's forest preserves.

Barbara Posner, advisory committee chairman and executive director of employee communications at Tenneco Automotive stated, "YCC stands to benefit nearly every segment of Lake County's population—the youth who receive an invaluable summer employment experience, as well as all the children and adults who can enjoy the recreational areas and restored prairies in the forest preserves.

To date, approximately \$18,600 has been donated. The goal is to raise \$30,000 which will provide 30 young

men and women with summer employment.

## Museum In Need Of Rummage

The Lake County Museum needs items for its annual flea market to be held Aug. 26 in conjunction with Senior Citizen's Recognition Day. The flea market is a fundraising event for the museum and is an extra feature planned for the seniors of Lake County on that day.

All items may be donated to the museum Monday through Friday, 8:30 a.m. to 4:30 p.m. at the staff entrance and on weekends from 1 to 4:30 p.m. at the public entrance.

Items donated to the Lake County Museum are tax-deductible. For further information call the museum at (312) 526-7878. The museum is looking for kitchen items, books, decorative arts objects, small appliances. No clothing for large items are sold at the flea market.

## Andersons Attend Amway Convention

Gerald and Gale Anderson of Lake Villa attended Amway Corporation's annual convention in Grand Rapids, Michigan.

The Andersons, local independent distributors of Amway products and services, took part in the two-day convention designed to educate and motivate distributors.

They joined more than 7,000 other distributors from around the world to learn about new products, services and policies under the Amway sales and marketing plan.

This year's convention, themed, "A World of Action," featured nationally known personalities including author Nancy Austin, marketing consultant Patrick Lynch, and Charlie Plumb, a former Viet Nam prisoner of war who excelled in underground communications to other prisoners.

Also on hand were NBC "Today Show" fitness expert Denise Austin, featured in a new Amway "Family Workout" exercise video, and Scott Brayton, driver of the Amway-Autostyle "Winning Spirit" race car which placed 12th in the recent Indianapolis 500.

The main convention program included addresses by Amway co-founders Jay Van Andel and Rich DeVos. Distributors also attended

a product exposition covering 96,000 square feet featuring displays on Amway's home care, home tech, personal care, catalog, health and fitness, knowledge and education and commercial products.

Other displays highlighted the service businesses, including travel, legal, auto and realty networks, MCI long distance service and SelecTV programming for satellite dish owners.

Amway Corporation, now in its 28th year, posted estimated retail sales of \$1.3 billion in 1986. One of the world's largest network marketing companies, Amway has one million distributors and operates in over 40 countries and territories.

# Betrayal Is Nothing New On County Board

by JOHN STEINKE

County Board Rep. Sam Payne (D-Zion) has been subject to heavy criticism for his role in the 25-hour election marathon for

## Steinke On Politics

chairman last month. He was reportedly the 13th vote for Dist. 5 Rep. Andrea Moore in exchange for a committee chairmanship. But Payne reneged and voted for Dist. 2 Rep. Audrey Nixon for 138 ballots. His betrayal of Moore forced the board to elect a compromise chairman, Jim Fields, on the 139th ballot. Several public officials and some of the media have been beating the drums that Payne violated the politician's code when he deserted Moore's candidacy.

What is the politician's code? First, it is permissible to lie to the voters to win office. After all, a politician has two objectives. The first is to get elected. The second is to get reelected. Lie to win is the name of the game. Which Illinois governor twice promised the electorate that he wouldn't raise taxes, but reversed himself on the issue following his reelection? The second element of the politician's code suggests that there is honor

among thieves. While you may lie to the voters, you must honor your commitments to fellow politicians. You must keep your word to your colleagues or risk losing your credibility and influence with them.

Now, that's how the system works in every legislative body except the Lake County Board. Betraying a colleague is a way of life on the tenth floor of the Waukegan Courthouse. Our county board representatives couldn't agree on the words to "The Star-Spangled Banner." If the county board were mobilized to fight World War III, they would kill each other before they reached the Russian front.

Many of them are power-grabbing haters who would sneak up behind their mothers with piano wire to win the vice-chairmanship of the Finance Committee. A county board member once told me, "People often leave the meetings angry at somebody on the board. They spend the next month plotting revenge." I can't understand why Sam Payne is getting so much heat for betraying Andrea Moore. Many members haven't

honored their commitments to their peers. Why dump on poor Sam for being dishonest with a colleague?

Here are some illustrations of the stick-it-to-your-colleague mentality on the Lake County Board. In 1984, Dist. 4 Rep. Norm Geary of Grayslake negotiated a political deal with fellow Republican Fred Popp of Lake Villa. Geary promised to pump out the Grayslake vote for Popp, who faced a serious challenge from Democrat Barbara Lumber of Round Lake. In exchange, Popp would support Geary for the county board chairmanship. In November, the Grayslake vote elected Popp. In December, Popp betrayed Geary and voted for the late Glenn Miller for board chairmanship. To this day, Geary refers to Popp as a "liar" or "traitor."

Last year, Dist. 1 Rep. Helen Belmont Amendola of Highland Park cast the decisive vote to insure Chairman Jim LaBelle's reelection. LaBelle had promised Amendola that he would reappoint her to leadership positions on Law and Judicial and the Finance Committees. In addition, LaBelle

also pledged to support Amendola's reelection to the vice chairmanship. As soon as he was reelected, LaBelle stripped Amendola of her committee assignments and supported Andrea Moore's election to the vice chairmanship.

There are strained relations between Dist. 1 Rep. Donald Strenger of Lake Forest and Dist. 2 Rep. Matt Miholic of Lake Bluff. Reportedly, Strenger and Miholic were old friends. Strenger assured Miholic that he would desert Moore and support his old buddy's campaign for the chairmanship. But, in the end, Strenger betrayed his word to Miholic and voted for Moore. Now, there are two county board members who ain't too happy with Strenger: Miholic and Dist. 3 Rep. Eleanor Rostrom of Waukegan.

In private conversations, our county board representatives show contempt for their colleagues. Dist. 1 Rep. Deloris Axelrod is known as "the flake." Helen Belmont Amendola is referred to as "Ayatollah Amendola."

### Drawing The Line

State Rep. Bernard Pedersen (R-Palatine) and aide tape anti-tax sign to side of truck. "We need rolling billboards all over Illinois if we are to defeat the latest suggestion, a 40 percent state income tax hike proposal," Pedersen said. Signs cost \$7.50 plus postage. They may be obtained by writing Rep. Pedersen in care of the state capitol. Bumper stickers are available for 25 cents each.
